# ShipIT CONFERENCE

Early bird **-20%** until **31/08**

## Aligning Maritime Business with IT through

**DIGITAL TECHNOLOGIES • PERFORMANCE MANAGEMENT • CYBER-SECURITY**

Further to the two successful past ShipIT conferences ([www.shipit.gr](http://www.shipit.gr)), netweek magazine and the Association of Maritime Managers for Information Technology and Communications (AMMITEC) present the 3rd ShipIT Conference, taking place in Athens, on September 27th 2017.

**ShipIT Conference** is a one-day strategic event addressed to the shipping industry, analyzing Information

and Communications Technologies' (ICT) impact on the industry's operations and business performance. The Conference is creating a unique knowledge exchange and networking platform for the maritime industry, where senior business and IT executives meet, discuss and evaluate how Digital Technologies improve both business and operational goals.
